

ASSIGNMENT 4

Type: Take-home Assignment
Scope: XHTML, CSS and Javascript
Due: May 2, 2008 (Week 5) at 6:05pm
Points: 25

For this assignment, create a tabbed primary navigation and a drop down navigation underneath specific tabs. The body should be centered in the page and should be 970 pixels wide with the following tabs (drop-down sub-navigation specified):

- Home
- World News
- Local News
- Business
- Sports
 - Baseball
 - Basketball
 - Football
 - Golf
- Entertainment
- Technology
 - Hardware
 - Windows
 - Macintosh
 - Mobile
- Most Popular

The entire project must be done in HTML/XHTML and CSS – no Javascript. Assume that the current page is Business. The styling should be as follows:

State	Property	Tabbed	Drop-Down
Default	Background	39548e	97b4f3
	Text Color	White	Black
Hover	Background	97b4f3	39548e
	Text Color	Black	White
Current	Background	001647	n/a
	Text Color	White	
	Font Weight	Bold	

Your completed assignment should be all files (one HTML page, one CSS template and one image) zipped into a single file labeled *LastName-IMD213-Assignment4.zip* and dropped into my inbox at TEACHER DATA\MROSA\INBOX.
